Thiruvananthapuram
Kerala, India

ABOUT THE COLLEGE - HEPSN

Nesamony Memorial Christian College (NMCC), established in 1964 and located in Marthandam, Kanyakumari District, Tamil Nadu, is a well-established arts and science institution administered by the Church of South India (CSI) Kanyakumari Diocese and affiliated with Manonmaniam Sundaranar University. The college recently secured a 63rd rank in the NIRF All India Rankings (2025), reflecting its quality of education. NMCC offers a wide range of undergraduate, postgraduate, research, and certificate programs across science, arts, commerce and management streams, grounded in value-based and skill-oriented education. It is recognized under Sections 2(f) and 12(B) of the UGC Act and places strong emphasis on both academic excellence and personal development. HEPSN (Higher Education for Persons with Special Needs) is a scheme introduced by the University Grants Commission to support students with disabilities in higher education institutions. At Nesamony Memorial Christian College, the HEPSN cell works to provide necessary support and facilities for differently-abled students. Its main objective is to create an inclusive and accessible learning environment, enabling students with special needs to pursue their higher education without barriers and with equal opportunities.

ABOUT THE INSTITUTION'S INNOVATION COUNCIL (IIC) - NMCC

The Institution's Innovation Council (IIC) is a dynamic initiative under the Ministry of Education's Innovation Cell to cultivate a culture of innovation, creativity, and entrepreneurship among students and faculty. It aims to build a vibrant local innovation ecosystem on campus, support student start-ups, scout and pre-incubate ideas, and enhance problem-solving and cognitive abilities. The IIC organizes innovation and entrepreneurship activities, workshops, seminars, hackathons and industry interactions, recognizes innovative projects, and creates mentoring and networking opportunities to help young innovators transform ideas into impactful solutions.

ABOUT THE KERALA FEDERATION OF THE BLIND

The Kerala Federation of the Blind (KFB), established in September 1967, is a prominent non-profit, self-help organization dedicated to the empowerment and rehabilitation of visually impaired individuals in Kerala. Operating under the motto "Equality, Security, and Opportunity," the federation is uniquely managed and controlled by the visually challenged community itself. Headquartered in Thiruvananthapuram, the KFB manages a wide array of essential services, including two specialized residential schools (the Helen Keller and Louis Braille memorial schools), vocational training centers, and rehabilitation homes for both men and women. One of its hallmark contributions is the operation of a major Braille Press, which provides educational materials and books to students and professionals. Through its 14 district units and specialized forums for women, students, and teachers, the federation actively advocates for social inclusion, employment rights, and the overall socio-economic well-being of the blind community across the state.
