Our Institution at a glance

Nesamony Memorial Christian College (NMCC), established in 1964 at Marthandam in Kanyakumari District, is a premier institution affiliated with Manonmaniam Sundaranar University, Tirunelveli. Anchored in a strong missionary vision, the college is committed to delivering quality higher education while fostering the empowerment of economically and socially marginalized communities in southern India. The institution offers a comprehensive spectrum of academic programmes, comprising 18 undergraduate, 15 postgraduate, and 12 doctoral programmes across diverse disciplines. Achieving a notable 63rd position in the NIRF rankings, the highest in Kanyakumari District, NMCC continues to set standards in academic excellence and institutional leadership.

About Nesamony Research Forum

The Nesamony Research Forum (NRF) provides a platform for faculty members and students to collaborate across different disciplines and share research ideas. It encourages active participation in research by creating a supportive and motivating academic environment. The Forum promotes research activities in all fields by fostering curiosity, critical thinking and innovation among faculty and students. It aims to strengthen research culture through discussions, presentations, and academic interactions. NRF also works to make conferences and research events more accessible. It offers opportunities for staff and students to present their research papers, gain experience, and build confidence in academic presentations. Through these initiatives, the Nesamony Research Forum supports interdisciplinary learning and the growth of a strong research community.

Conference Overview

Horizons of Knowledge: Multidisciplinary Research Perspectives brings together researchers, professionals, and students from different fields to share ideas and collaborate. The conference promotes cross-disciplinary research to address complex global challenges through innovation and practical solutions. It encourages interaction between academia, industry, and society through keynote talks, research presentations, and panel discussions. The focus is on sustainability, research ethics, and future-oriented scholarship that creates real-world impact.
